

Houghton Department DARED TO SHOOT; EDWARDS AGAIN KILLS BROTHER HEADS CO. BOARD

Victor Maki, Under Influence of Liquor, Murders His Kin
Adams Township Supervisor Re-elected to the Chairmanship

Shortly before 4 o'clock yesterday afternoon at Palmersdale, John Maki, aged 27, was shot and instantly killed by his brother, Victor Maki, aged 20, during an altercation in the home of Mrs. Anna Maki, with whom they were residing. Victor was shortly after arrested and will be held for first degree murder.

Maki was immediately before Justice Lillie at Houghton this afternoon. Victor had just returned from town and was in an ugly mood as the result of the influence of liquor. People who have known him intimately declared it was the first time he had drunk in seven years. John, his brother, began to reproach him for drinking, so Victor started shooting through the ceiling of the room.

"He called me a bad name," he told the officers.

Sayer, who was with him, witnessed the shooting, which took place in the kitchen of the boarding house, and that the quarrel between the brothers arose over a mere nothing. Suddenly Victor drew a revolver from his pocket and fired three shots through the ceiling of the room.

"I'll give you the same if you don't stop," he shouted in his intense rage.

Go ahead, said John, and opening the front of his shirt, he bared his breast. Victor took aim and shot him through the heart.

No previous quarrel is known to have existed. Otto, another brother, also lived in the house and was an eye witness. The three brothers were strikers and one of them had been expelled from the strike. Whether the calling off of the wolf had any influence on the mood of either brother is not known. Victor is known as a hard player. Prospects of more easy dollars may have been responsible for his celebrating a little by drinking yesterday.

Besides the three brothers in Palmersdale, there are another brother, Emil, in Neenah, and the father of the boys lives in Finland.

MANY AT MILITARY BALL.

Large Attendance at Annual Dance Given by Houghton Militia.

The annual military ball given by the members of the Houghton Light Infantry in the Armadillo hall last evening was a big success. A large number of guests were present. The entertainment opened the post-poned season in the Portage Lake rooms and the event was one of the most successful openings for several seasons.

All who attended spent a most delightful evening. Some new modern pieces were played by Klamm's orchestra, which furnished the music for the occasion. The old time popular pieces were played as extra numbers. Members of the local military organization and members of the Houghton Social Reserve and other organizations were in full dress uniforms.

Indemnity expected to have \$100000 paid by 1915.

A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphenia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 15 years.

"The Change of Life came when I was 47 years old and about this time I saw your physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been best with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot overestimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphenia, Ohio.

C. K. Berry Will Explain Co-operative Delivery System

Secretary George L. Price of the Copper Country Commercial club has received a letter from C. K. Berry, manager of the co-operative delivery system of Marshalltown, Iowa, stating that he will come to the copper country in the near future to explain the new system to the merchants of this district in an effort to obtain their consent to install the system in the copper country.

Mr. Berry is an authority on the subject and has helped install the system in other localities with great success. Secretary Price and other active members of the Commercial club assured that when he explains the system to the merchants of the copper country they will inaugurate the system.

The following letter has been received from the secretary of the local club from W. P. Galloway of Marshalltown telling of the advantages of the new system.

"In reply to your inquiry regarding the general delivery system inaugurated here the first of the year would say that it has been very satisfactory both to the merchant and the customer. In fact of two or three deliveries a day we now have five deliveries as regular as a train schedule.

"The system is operated by an independent company which is capitalized at \$100,000. It was started here on the basis of a maximum cost not to exceed 25% less than the former delivery cost. This company has fulfilled its agreement and where a few merchants held back at first nearly all have adopted the system now.

"The system is operated from a central collecting and distributing station, much the same as the postoffice service is performed.

"C. K. Berry is the manager of the system here and if you have occasion to do business with him I assure you we have found him to be a gentleman thoroughly reliable and am sure I will be glad to furnish any information you desire."

The Covington Roads.

Secretary Price has been informed by the officials of Covington township that the bonds for the new roads, extending a distance of three miles, which was voted on last week, was carried by a large majority and bonds will be issued immediately to the amount of \$7,000 for the bettering of the roads in that vicinity. Should it be impossible to place the bonds in the copper country, Covington has an assessed valuation of \$100,000 and is bonded at \$18,000. These bonds will be increased to the amount necessary for the building of the three miles of road.

Princess Point Project.

A report on the Princess point project has been received at the office of the Commercial club from the House of Representatives. The report is twenty-one pages in length and gives favorable reports from many of the prominent marine men and members of the house for the completion of the work commenced on Princess point. Dan C. Kuzman, chief engineer, and W. M. Black, a member of the house of engineers on Rivers and Harbors, have written favorable reports to the effect that they believe the work should be continued.

Masters of the large sailing vessels which dock at the ports in this vicinity and Senator William Allen Smith also have written favorable reports on the project. With these men interested in the project it will receive considerable attention and Secretary Price and other members of the club are assured that the appropriation for the continuation of the work will be secured.

The remains of the late Father Lehman, who died recently at Stearnsville, Wis., will be brought to Houghton tomorrow morning for burial. The remains will be brought to St. Ignace church and the funeral held immediately.

Following annual appointments at its meeting: Health officer—E. G. A. Conrad. Attorney—J. P. Hamblin. Superintendent of cemetery, without pay—A. L. Krollwitz. Sexton of cemetery—Hugo Krollwitz.

Marshal of Houghton—Charles Cooley.

Gas Co.'s Request Refused.

Manager West of the Houghton Commercial Gas company appeared before the village council to ask for an extension of ten years on the existing gas franchise, which has 20 years yet to run. He explained that the company wants to sell bonds to make improvements and that they will not be able to do so unless backed by a thirty-year franchise. Mayor Hartman and the members of the council looked askance at the proposal and intimated they thought there was a fly in the ointment. In any event they voted not to grant the request and Manager West bowed his thanks and withdrew.

W. H. Doy, the new member of the village council took his seat on the board yesterday.

The council appropriated \$10 to reimburse Joseph Crane for the use of his services as a Houghton-Ripley bridge during the winter.

BREAKS LEG WHILE PLAYING.

Little Miss Olive Hamar, daughter of Mr. and Mrs. E. A. Hamar of Chaswell, suffered a painful injury last Thursday while visiting her grandmother, Mrs. N. W. Hamar, in Marinette, Wis. The accident occurred while the little girl was playing. She slipped and fell and fractured her right leg. She was at once taken to the hospital at Marinette and cared for, her condition being reported favorable.

HOUGHTON BREVITIES.

The annual supper of the Ladies Aid society of the First Methodist Episcopal church will be held tomorrow evening, supper commencing at 5 o'clock.

The remains of the late Fred W. Prosch, who died yesterday morning at his home on Pearl street, East Houghton, were shipped to lower Michigan this morning for burial.

Mrs. A. Rios of East Houghton is entertaining her mother, Mrs. A. G. Rathbun of Chicago.

Harrison Miller has returned from Valparaiso, Ind., having completed his studies in Valparaiso university.

D. A. Stratton left Sunday on a business trip to Grand Rapids.

Miss Keitha Bolles has returned to her studies at the University of Michigan and Norman Bolles to his studies in Chicago.

Rudolph Smith returned to the University of Michigan Sunday.

Charles Battelberg, who will this week complete his course at the Michigan College of Mines, will leave next week for Tufts, Utah, to take a position with the International Smelting and Refining company.

There will be a regular meeting of the Houghton school board this evening.

SAVE BABES IN STATES.

Head of Children's Bureau Urges Action Against Infant Mortality.

Washington, April 14.—What New Zealand has done in reducing the infant mortality rate was brought to the attention of Secretary of Labor Wilson today in a letter by Miss Julia C. Lathrop, head of the federal children's bureau, with a view to stimulating interest in the work of baby saving in the United States.

According to Miss Lathrop, New Zealand has the lowest infant mortality rate of any country in the world, and this has been brought about mainly through the efforts of the New Zealand Society for the Health of Women and Children. She is confident that similar results could be accomplished in this country. In one city alone—Dunedin—the work of the society reduced the infant mortality rate 50 per cent in five years, from 1907 to 1912.

Miss Lathrop argues that not only in cities, but in country districts, provisions should be made for instructing mothers in the care of babies; teaching young girls all practical methods of home-keeping, including baby hygiene and feeding; giving proper hospital care to sick babies; and maintaining conferences where any bad condition exists before it has progressed beyond recovery. She also advocates co-operation between volunteer and public health authorities in reducing the infant mortality.

FEDERAL OPENING AT BALTIMORE BIG SUCCESS.

More Than 25,000 Witness the Initial Game With Buffalo.

Baltimore, Md., April 14.—Not since the Baltimore Orioles captured three National league pennants has such a crowd witnessed a game of baseball in this city as yesterday afternoon saw the Baltimore club of the Federal league defeat Buffalo, 2 to 2.

When the gates were opened at 11 o'clock, four hours before the game began, there were 5,000 persons waiting and it is estimated that more than 25,000 were within the enclosure when Mayor James H. Preston threw the ball onto the diamond.

Though there were numerous errors on both sides, the game abounded in brilliant plays.

The score: R H E. Baltimore... 00030000—3 7 5. Buffalo... 00002000—2 5 4.

Batteries—Quinn and Jacklisch; Moors, Krapp and Blair.

Edgar Emery, of Kittery, Me., found his children playing with a bottle containing powder, and in order to show a lesson, put it on the snow and touched a match to it. He did not get away quick enough and had all the hair on his face burned off. The lesson was mutual.

Buffalo reports 25 deaths in 248 cases of whooping cough in children.

PRESBYTERIANS TO MEET IN MAY

General Assembly to Convene in Chicago Sanctuary

Chicago April 14.—Subjects relating to every phase of life—religious, social, educational, political and industrial—will be considered by the one hundred twenty-sixth general assembly of the Presbyterian church, which will convene Thursday, May 21, in the newly erected \$750,000 edifice of the Fourth Presbyterian church, said to be the most beautiful Presbyterian church in the world, located near Lincoln park in this city.

Rev. Timothy Stone, D. D., pastor of the church, who was an unexpectedly elected moderator of the general assembly at Atlanta last year, will open the assembly in the forenoon with a sermon in which he is expected to survey the church's progress during the last year.

Only once before in the history of the Presbyterian general assembly has the retiring moderator convened the new assembly in the church of which he was pastor.

Rev. S. Hall Young, D. D., who spent 40 years of his life doing missionary work in Alaska, where he established the first church of any denomination, will present Dr. Stone with a gavel made of the tusks of a walrus which Dr. Young himself killed on one of his expeditions in the Behring sea. A similar gavel will also be presented to the newly elected moderator when he assumes the duties of his office.

Eliminate Campaigning.

Because of the precedent established last year in the election by Dr. Stone as moderator from the floor of the assembly, without any preliminary electioneering, no aspirants to the office have appeared. It is expected none will appear. In previous years the preliminary scenes were very much like those attending the scenes before a national political convention, when rival candidates and their supporters fought for prestige.

Arrangements for the physical comfort of the 800 assembly commissioners who will come from every part of the United States and the thousands of others attracted to the assembly and the pre-assembly gatherings, have been made by a committee of which Edward H. Smith, treasurer of the Oliver Typewriter company, is chairman, and W. Holmes Forsyth, secretary.

On this committee are business men such as Cyrus W. McCormick, president of the International Harvester company; James B. Foran, president of the First National bank; and Henry P. Crowell, president of the Quaker Oats company.

An automobile tour of Chicago will be one feature of the entertainment. The program of the assembly is in the charge of Dr. William H. Roberts, chargé clerk, whose headquarters are in Philadelphia. President Wilson and Secretary of State William J. Bryan, both of whom are Presbyterians, have been asked to be present and address the assembly.

Fight Over Home Missions.

The big fight will revolve around the interpretation of that portion in last year's report of the board of home missions, which says:

"That while in fullest sympathy with every effort to revive, strengthen and perpetuate the country church, and with every movement to evangelize and Christianize the rural population, nevertheless, the department of church and country life should be discontinued as soon as practicable."

Advocates of the development of churches in the rural districts maintain that the words "as soon as practicable" permitted the department to continue as long as there was need for urging pastors in country districts to become closely related to the everyday life of rural districts instead of their living in towns, miles away from their rural congregations.

DON'T FEEL RIGHT? HEADACHY, BILIOUS, CONSTIPATED, STOMACH BAD? DIME A BOX

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy stomach. Are you keeping your bowels clean with Cascarets—up merely doing yourself every few days with salts, pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

A Cascaret tonight straightens you out by morning—a 10-cent box keeps your head clear, stomach sweet, liver and bowels regular and you feel bully for months. Don't forget the children.
